- The diverse religious, ethnic and cultural backgrounds of the community are acknowledged.
- The cemeteries are operated in a manner that will be a credit to the city, and

Funeral Bookings

While a 'Permit to Bury' must be obtained before a deceased person can be buried, all arrangements are to be finalised by the Funeral Director, Next of Kin or Executor of the deceased estate. The Cemetery Supervisor can confirm acceptance of burial arrangements.

Funeral Hours

Cemetery staff set the time of funerals in consultation with Funeral Directors. Saturday funerals may be held.

Plaques, Ornaments & Vases

In the Lawn, Infant Lawn, Rose Garden and Niche Wall Sections the cost of a standard plaque is included in the burial fees.

Plaque order forms are available Council's Customer Service Centre.

Extra lines, photos and emblems may be ordered and will attract additional fees. Payment must be made at the time of order.

Council staff is available to assist with layout, design and appropriate wording. On receipt of the finished plaque, staff closely examine it for accuracy and arrange for fixture. Council provide and place two vases for your use in the Lawn Sections, (additional 'flora' is not permitted). Ornaments, statues, icons, vases or other items may be placed on a permanent or temporary basis in the Traditional Section of the cemetery only.

Monuments

A written application must be lodged with Council when seeking a permit to carry out work at the cemeteries. Application forms are available from the Cemetery Office, Council's Administration Office or our website www.griffith.nsw.gov.au. Applications will not be considered unless all scheduled fees and charges are paid.

Ownership of monuments or other structures is deemed to be with the person or persons arranging the monument or structure (their heirs and successors). Maintenance, upkeep or repair of any monument is the responsibility of the estate or family association. Council may remove any structure that is dilapidated, unsafe or unsightly.
