

## Getting started in the Integrated Waste Tracking Solution (IWTS)

The NSW Environment Protection Authority (EPA) has developed a new system for tracking movements of hazardous and high-risk wastes moving into, within and out of NSW.

The Integrated Waste Tracking Solution (IWTS) will replace WasteLocate and the Online Waste Tracking (OWT) system on **Wednesday 28 February 2024**. KPMG Origins will design, develop and operate the IWTS.

### Activate your IWTS account

Current users of WasteLocate and OWT should register for the IWTS to meet their ongoing regulatory obligations. You can do this by clicking 'Register' on the [KPMG Origins IWTS homepage](#).

### Express your interest in training sessions

To help you get familiar with the new system, we are opening expressions of interest for additional training sessions. Register your interest [here](#), and we will be in touch shortly to arrange a time. To help us tailor the training to your needs, please indicate if you would like us to focus on specific topics. In the meantime, you can also access a library of guided walkthroughs on the IWTS on the KPMG Origins website [here](#).

### You can also access the 'Sandbox' to trial the IWTS before 28 February 2024

The Sandbox allows you to familiarise yourself with the IWTS and understand the potential changes to your operational processes without creating real waste movements.

Find more information about [logging into your Sandbox account](#) and [how to use the Sandbox](#) on the KPMG Origins Help Centre. You will need a separate account to use the Sandbox. You can register for Sandbox [here](#).

### Create Consignments, Consignment Authorisations and Transport Certificates with a start date on or after 28 February 2024 in the IWTS

All Consignments, Consignment Authorisations and Transport Certificates with a start date on or after 28 February 2024 should be created in the IWTS. You can start setting these up in the IWTS from Tuesday 13 February 2024.

Please note that in the IWTS, 'Consignments' and 'Transport Certificates' are called 'Movements', and 'Consignment Authorisations' are called 'Movement Authorisations'.

### We are here to support you
