CIRCA - LANDSCAPE WITH MONSTERS

Wednesday 20 September 7pm

Griffith Regional Theatre

Landscape with Monsters is a bold new acrobatic work, a physical symphony to the joyous complexity of being human. Created in response to evolving industrial landscapes, it inhabits the emotional highs and lows of a place faced with uncertainty.

Australia's most acclaimed circus company Circa (OPUS, The Return, Wunderkammer and "S") is world-renowned for producing exquisite and heart-stopping works. Landscape with Monsters is a daring and optimistic work of intense physicality and beauty, an epic theatrical poem, and an elegy to the place we call home.

CIRCUS WORKSHOPS

Since 2004 Circa has been at the frontier of new circus – creating powerful works of circus art that challenge, thrill and delight. Featuring an ensemble of multi-skilled circus artists under the direction of Yaron Lifschitz, Circa's award-winning works have been seen in 39 countries across 6 continents by over 1 million people.

Across three days, train and hone your skills in Circa's Creative Residency, aimed at participants who have a familiarity with a circus, gymnastics, theatre or dance background. This class focuses on progression in ground based and building on performance techniques leading to a showing at the end of the Creative Residency. This class is great for those wanting a challenge and who are looking to improve skill level and performance techniques.
