

COUNCIL CATCH-UP

Griffin Green housing project set to move forward

Griffith's \$12M affordable housing project, Griffin Green is set to get underway next year, which will see 20 affordable homes and 45 residential development lots designated for affordable housing built around Dave Taylor Park.

The first stage of the project will be the remediation works including the removal of the mound located within Dave Taylor Park. The mound, which contains contaminated materials, is scheduled to be removed during February 2021.

The Land and Housing Corporation NSW will reimburse Council for the costs associated with this project.

Griffith Mayor, Councillor John Dal Broi said Council has appointed a specialist team to oversee the project, which will see 8600 tonnes of waste removed and transferred to the Tharbogang Waste Management Facility.

"We have engaged appropriately qualified contractors to ensure the safe removal and disposal of the materials," said Councillor Dal Broi.

"The mound, which has long been a concern for residents, will be removed following the January school holidays to minimise the

impacts on the local children.

"We are aware there could be some air quality concerns as work commences, however we have taken steps to ensure air quality will be measured in order to ensure there will be no impact on residents surrounding Dave Taylor Park," he added.

The Park will be fenced off for approximately 18 days while the remediation works are underway, with residents and visitors unable to access the existing playground, basketball courts and BBQ areas.

Council will confirm the details of the closure during January 2021.

"More information will be forthcoming about this project in the coming months as we finalise the plans for the space," said Councillor Dal Broi.

"Discussions are underway with regards to the recreational facilities and we look forward to discussing these options with the community as soon as possible."

Griffin Green is a partnership between the Australian Government, Griffith City Council and Argyle Community Housing.

Council welcomes new Qantas flights to Griffith

Griffith City Council has welcomed today's Qantas announcement to begin flights to Griffith as a major boost for the region's economy.

Flights will commence on 1 February 2021 with a daily return service, offering 700 seats on the route each week. The flights will be operated by the airline's 50-seat Q300 turboprop aircraft, with upgraded cabin interiors.

Qantas is offering special fares for Sydney-Griffith flights from \$125 one-way, available for sale at qantas.com or through Travel Agents, until 20 December 2020, unless sold out prior.

Griffith Mayor, Councillor John Dal Broi said, "Griffith City Council is thrilled to welcome Qantas to Griffith. Connectivity to Sydney is critical to our economy and lifestyle and Council is pleased residents and businesses will now have additional flight scheduling options. The decision by Qantas to introduce a Griffith-Sydney service is recognition of Griffith as a growing regional city."

This new route is part of a major expansion of the airline's regional network announced today, with seven new routes across NSW, South Australia, and Victoria. The announcement means Qantas will be flying to five more destinations across Australia than it was pre-COVID (up from 57 to 62).

Qantas has already introduced a number of initiatives to encourage customers to book with greater flexibility, as well as to improve safety and peace-of-mind when travelling domestically through its Fly Well program.

QantasLink CEO John Gissing said

the new route is a great opportunity for travellers to explore the best of regional Australia.

"As the national carrier, we have an important role to play in driving tourism and supporting the industry's recovery," said Mr Gissing.

"Before COVID, more than 11 million Australians travelled overseas each year, so these flights will help convert some of these international trips into domestic holidays instead.

"We know there is significant pent up demand for travel. These new flights will help more Australians explore some of the incredible places in their own backyard and drive tourism, which is so vital to the local economies of regional areas. "We'll be promoting these new flights to Griffith to millions of our frequent flyers across the country in the lead up to the flights commencing next year. "We're also pleased to be able to offer Riverina residents more choice and competitive fares on these routes which have been monopolies for years."

Qantas flights continue to have complimentary baggage and food and drink included with every seat. The airline has now opened 30 of its 35 domestic and regional lounges across its network. Qantas is offering customers the opportunity to join its Frequent Flyer program for free until 31 January 2021 via qantas.com/freejoin. Travellers will be able to earn Qantas Points and Status Credits on the new routes as well as using their points to book flights.

Final COVID-19 grants awarded Pets are for life, not Christmas

Griffith City Council has awarded funds to four community groups impacted by the COVID-19 lockdown after the fifth and final round of applications were assessed.

At the Ordinary Meeting on 8 December 2020, Council endorsed the following COVID-19 Community Grants Relief Fund applications:

- Hanwood Football Club – \$750
- Griffith Show Society Inc. – \$495
- Griffith Wiradjuri Preschool – \$2,500
- Griffith and Regional Association of Performing Arts (GRAPA) – \$3,274

As part of the 2020/21 Budget, Council established the COVID-19 Community Grants Relief Fund of \$100,000, with up to \$5,000 available to community groups, not-for-profit organisations and sporting bodies for eligible projects aimed at assisting those organisations affected by the COVID-19 lockdown.

Councillor Doug Curran said the Relief Grant had provided assistance to a total of 31 groups.

"It has been incredibly rewarding for Council to be able to allocate

these funds at a time when so many needed assistance," Cr Curran said.

"COVID-19 challenged us all this year, especially those who were unable to fundraise, which is a big part of how many are able to continue their work.

"Unfortunately we couldn't help every single group who applied, but I'd like to remind everyone that the second round of the Community Grants Program for 2020-21 will open in March 2021 and I encourage those who missed out to consider applying."

Chair of the Communities Committee, Councillor Dino Zappacosta congratulated Councillor Curran for introducing the COVID-19 Relief Grant Fund concept.

"It was a delight to be able to recommend to Council that we hand out these funds to so many worthy recipients," Cr Zappacosta said.

"I'd like to thank Council, and in particular Councillor Curran, who came up with the concept during the budget session earlier this year. It certainly went over very well with our community."

Griffith City Council is reminding residents that giving pets as Christmas presents can be a great idea, but one which requires a long-term commitment.

Council's Environmental Health & Compliance Coordinator, Merryn Benham said a new pet is not a decision to be taken lightly.

"Buying or adopting a new pet is a life commitment. Sometimes people get caught up in the moment and then realise they cannot spare the time needed to look after a pet," Ms Benham said.

"There is often the situation where pets are purchased as a present for relatives or friends who do not want a new pet or find the pets unsuited to their lifestyle.

"The only time you should buy a pet for someone is if they have chosen the animal themselves and you are simply buying it for them."

The Griffith Pound and Rehoming Centre typically see a spike in people looking to surrender

animals in the weeks following Christmas.

If you are considering adding a pet to your family this holiday season, make sure you consider matching the breed of dog to your lifestyle. For those who have done their research, adopting a pet is a great way to help a dog or cat find a new home.

"Pet ownership is deeply rewarding, but it is important to take into consideration all factors when it comes to adding a pet to your family," Ms Benham said.

"If you don't think you can manage a new family member long term, please do not buy or adopt a pet – pets are for life, not just for Christmas."

Enquiries and appointments can be made by contacting 6962 8100 during business hours. You can keep up to date with animals available for adoption by visiting the Griffith City Council website at griffith.nsw.gov.au

Lake Wyangan update for recreational users

With the holiday period fast approaching, Griffith City Council has provided an update for recreational users of Lake Wyangan.

The current Blue Green Algae alert level is Amber however, with samples taken regularly, users are advised to check the website for any updates. Amber alert means recreational activities are permitted include boating, fishing, but not swimming. Signs are also being installed at the Lake and will be changed according to the level. Council's Lake Wyangan & Catchment Management Project Officer, Mr Tom Mackerras said, a further 800ML of water will be added to the Lake before Christmas.

"The extra water is good news however, the water level is still relatively low so boaters and users of Personal Watercraft (PWCs) should be mindful of unmarked submerged objects, particularly in the shallower parts of the Lake," said Mr Mackerras.

"When boating or kayaking on the Lake, proper safety precautions should be followed. Do not boat if under the influence of alcohol and always wear a life jacket."

Mr Mackerras is also urging caution when launching boats or fishing.

"Due to the low Lake level, difficulty may be experienced when launching boats. Please exercise caution. Always clear the boat ramp and make way for other users.

"Dispose of any carp caught, do

not release them back into the Lake. Remember to take your rubbish with you and be mindful of campers and other users of the Lake.

In recent months there has been an explosion of bird life at the Lake and surrounding areas, with an amazing variety of bird species.

Meanwhile, Council continues to work on a long-term plan, which includes:

- Developing a hydrodynamic circulation model of North Lake Wyangan (study undertaken by Chris Butson from University of Sydney) to help interpret the influence of water and water discharges on the lake circulation and water quality

- Monitoring the volume and sediment and nutrient concentration of storm water runoff into the Lake

- Measuring key water quality parameters in real-time to help manage the health and ecological condition

- Ongoing work with Murrumbidgee Irrigation to develop a plan to maintain North Lake Wyangan water levels suitable for recreational purposes while also providing sufficient water for additional irrigation demand in the catchment.

The Cultural Heritage review processes associated with the eastern shores of Lake Wyangan have commenced and will progress further through 2021.

Contact Council on 1300 176 077 if you have further inquiries.

Message from Mayor John Dal Broi

On behalf of us all here at Griffith City Council I'd like to wish one and all a very Merry Christmas.

I know that we each celebrate this season in our own special way, so whatever you do, may it be filled with peace, love and happiness.

As I reflect back on 2020 and all the uncertainty that came with the COVID-19 pandemic, I consider how fortunate our community has been to come through it largely unscathed.

Of course, initially we experienced upheaval and we all had to adapt to a new way of life, but I can't help but think that we dodged a bullet in many ways.

I'm impressed with how our community handled the need for restraint in dealing with COVID-19.

I know that some of our businesses are still recovering however, I'm proud of the way in which many of them adapted the way they do business and moved online, and I've been told that some actually improved their turnover.

As we head towards a new year, above all I hope we can build optimism, confidence and greater community connection.

We have much to be proud of living in this wonderful, multicultural community and with positivity and cooperation I believe we can make this an even better place to live. I'd like to urge any community leaders, who would like to see Griffith continue to grow and prosper, to seriously think about standing for the next local Council election in September 2021.

In 2021 I'd also ask that you be on the lookout for opportunities to provide feedback and your thoughts to Council as we consult

residents for the review of a document that is key to what Council does, the Community Strategic Plan (CSP). You can expect to see our staff out and about throughout the year. They will be doing their best to help residents understand how Council plans for our region's future and how they can be a part of that process.

I welcome visitors back to our region and hope they enjoy all the wonderful things our City has to offer, including the beautiful wines and delicious food.

On a sad note, Griffith lost an incredible community stalwart last weekend, Roger Penrith. Roger was such a positive, genuine soul, whose kindness touched many within our community. Our thoughts are with his wife Lisa and daughter Madison, as well as his immediate and extended family.

If this year has taught me anything, it's the importance of family and enjoying the small things together. There is nothing quite like a global pandemic to make you realise that we don't have control over the number of days we have on this earth, only what we do with them while we are here.

Finally, while you are enjoying your celebrations, please consider those who are less fortunate and think of neighbours who may be in need of support during this time. If you are travelling at all over these holidays, please stay safe on the roads.

With warmest wishes,
Councillor John Dal Broi

PUBLIC NOTICES - ITEMS ON EXHIBITION

Draft Pioneer Park Museum Strategic Plan

Council has resolved that the Draft Pioneer Park Museum Strategic Plan be placed on public exhibition for a minimum of 42 days. Council is required to notify the public and provide the opportunity for submissions regarding this document. The Draft Pioneer Park Museum Strategic Plan may be viewed at the Council Chambers, 1 Benerembah Street Griffith, the Griffith City Library and on Council's website at griffith.nsw.gov.au/onexhibition. As such, a copy of your submission including your name and address (unless you specifically request that these details be withheld) will be publicly distributed and available to the public. Comments or submissions will be received up to **4pm Monday 25 January 2021**.

Draft Griffith Destination Tourism Plan 2021-2024

Council has resolved that the Draft Griffith Destination Tourism Plan 2021-2024 be placed on public exhibition for a minimum of 28 days. Council is required to notify the public and provide the opportunity for submissions regarding this document. The Draft Griffith Destination Tourism Plan 2021-2024 may be viewed at the Council Chambers, 1 Benerembah Street Griffith, the Griffith City Library and on Council's website at griffith.nsw.gov.au/onexhibition.

Anyone wishing to make comment on the Draft Griffith Destination Tourism Plan 2021-2024 can do so in writing addressed to the General Manager, Griffith City Council, PO Box 485, GRIFFITH NSW 2680 or visit Council's website to provide an online submission. Submissions received will be referred to the Ordinary Meeting of Council for determination, and your submission will form part of Council's Business Paper. As such, a copy of your submission including your name and address (unless you specifically request that these details be withheld) will be publicly distributed and available to the public. Comments or submissions will be received up to **4pm Monday 25 January 2021**.

Notice of Proposed Names

Griffith City Council announces that the following names are proposed for road names within the council boundaries.

1. Road 2 – Sharam Drive: Charles Edward Sharam was a Pioneer who founded Pioneer Park.
2. Road 4 – Agostino Place: Giovanni Agostino was an original owner of the farmland of the proposed subdivision.
3. Road 5 – Jeffery Street: Daniel James Jeffery was a soldier in the S.S Area and also an original land owner prior to 1920.
4. Road 7 – Ellis Place: Nicholas Sydney Ellis was an original land owner prior to 1920
5. Road 8 – Marando Way: Michele Marando was the last family to own the parent site. The family farmed it for almost 10 years.

Roads 1, 3 and 6 were previously named by Council.

Locality: Griffith

Reason for proposal: Names to be utilised in the new subdivision of Clifton Gardens as defined on the map can be found at Council's website at griffith.nsw.gov.au/onexhibition. You can also view the map on our website.

Anyone wishing to make comment on the Notice of Proposed Names can do so in writing addressed to the General Manager, Griffith City Council, PO Box 485, GRIFFITH NSW 2680 or visit Council's website to provide an online submission. Submissions received will be referred to the Ordinary Meeting of Council for determination, and your submission will form part of Council's Business Paper. As such, a copy of your submission including your name and address (unless you specifically request that these details be withheld) will be publicly distributed and available to the public. Comments or submissions will be received up to **4pm Monday 8 January 2021**. For further information on this proposal, please contact Council's Information Management Administrator at the Council Offices or by phone on 1300 176 077.

Tharbogang Tennis Courts - Demolition & Removal

Council is proposing the demolition and removal of the Tharbogang Tennis Court buildings due to their deteriorating condition & ongoing vandalism. Council is seeking community feedback to this proposal and will receive written submissions up to **4pm Monday 4 January 2021**.
